

Accommodations at the Edge

Northern Edge Algonquin, a beautiful nature retreat built in harmony with the earth is one of Canada's model eco tourism destinations. The Edge is located on the edge of Algonquin Provincial Park, where our forest and lakefront landscape, indoor and outdoor gathering areas, and forested accommodations provide a tranquil setting for a wide variety of programs. The Edge is exclusively available for scheduled events and group stays (6-32 guests).

Northern Edge Algonquin accommodation packages include: use of facilities, healthy, colourful meals featuring organically grown and fair trade foods, hot and cold drinks and snacks. Stay another day packages are available.

More About Accommodation at the Edge:

Our Solar-powered nature retreat provides warm, clean, simple comforts. Shared dining, retreat and bathing facilities offer modern convenience in balance with ecological principles.

Canvas Cabins: Nestled on a hillside surrounded by the lush greenery of the Algonquin Park area maple forest, these clean and dry wood and canvas structures offer a chance to sleep in the fresh forest air. Our composting toilet is nearby in the forest and flush toilets and showers are located in Points North.

Habitat Cabins: Surrounded by the maple and balsam fir forest these cabins were designed for year round comfort. In winter, these well-insulated buildings are heated. Washrooms and showers for these cabins are a short walk to our Points North building.

Turtle Shell Dormitory: Up to 6 guests stay in bunk beds in this heated space with shared composting toilet. Located near the lake this is the most accessible room for visitors with special needs.

NEW Studio Cabins: These spacious rooms with lofted ceiling sleep up to two guests and feature a small bathroom with composting toilet and running water.

"I came across a jewel this summer, the Edge. Amazing, a complete delight, it more than exceeded my expectations."
